

Product Bulletin: NEW Improved Torch Body for PT-19XLS

Centricut has introduced a new torch body, part number C47-066 for use on PT-19XLS plasma systems. The new torch features a threaded and glued design that improves alignment of torch components and increases strength of the assembly.

Centricut has also introduced the mating insulator body part number C47-083 which is a direct replacement for ESAB part number 37083.

Also available from Centricut is part number C47-900 insulating tube kit, which provides a more cost effective torch rebuild option.

Centricut is in no way affiliated with ESAB®; PT-19XLS is a product of ESAB®
